About Our Long-standing Calendar Photographer

Alan Sloyer, MD

Our community is extraordinarily fortunate to have Alan Sloyer, once again, capture the warmth and beauty of East Hills and its surrounds. His talents and artistic abilities in

photography again resulted in a wide variety of photos which truly captures the beauty of East Hills and shows why it is one of the finest communities in America.

Dr. Sloyer has been a prominent resident of East Hills for 24 years. He is married to his wife Michele, and has three children: Michael, Alison, and Drew. His hobbies include yoga, competitive triathlons, movie making, golf, and photography. He is an avid traveler and has visited more than 60 countries, photographing many of the world's greatest landscapes, monuments, and natural attractions.

Dr. Sloyer is an award-winning photographer whose photographs are currently displayed on the walls of North Shore University Hospital, in Manhasset, as well as the Gurwin Center in Commack, New York. His photography was published in the New England Journal of Medicine. He has also had exclusive exhibitions of his work at the Sid Jacobson JCC, as well as the Village Hall. We are all very grateful to him for contributing his time and talents, even while he is a renowned Gastroenterologist in Great Neck, New York.

Village of East Hills Sanitation Information

Remember for Best Service

- Outdoor Rubbish must be placed at the curb after 5:00 p.m. the day before collection and before 6:00 a.m. on the day of collection. Branches and garden waste may be bundled and tied and must not exceed four feet in length. Branches and garden waste may be left in either a covered or uncovered garbage container so long as the length of the branches do not exceed the height of the container. Garden waste must be kept separately from Kitchen waste. Kitchen waste and recycling may be stored at the backyard pick-up area at any time. All other items including outdoor rubbish, branches and garden waste must be brought to the curb. Kitchen waste must be in a closed plastic bag or covered garbage container. Garden waste may be placed in closed plastic bags as well. Each waste container must not weigh more than 50 pounds.
- Do not discard any broken glass, sharp metal, or material liable to injure the collectors unless it is put in a box marked "glass".
- Garbage containers picked up in the backyard pick-up area cannot exceed 32 gallon capacity. All 32 gallon containers or less will be returned to your backyard pick-up area by crew.
- Dogs must be kept away from sanitation workers. All dogs must be leashed.
- Do not mix or deposit any recyclables in with your garbage or rubbish.
- Materials from building, construction or a renovation will **not** be collected. These materials must be disposed of directly by residents or their contractors.

- Do not dispose of hypodermic needles or other medical waste in your garbage or rubbish. Contact the Nassau County Department of Health at 571-2019 or any hospital or nursing home licensed by the NYC Department of Health for information and instructions on proper disposal of used needles.
- Recycling bins with lids are available for purchase at the Village Hall for a fee of \$20. Lids are not available for separate purchase.

Snow Falls

For the safety of our collection workers, when there is an accumulation of ice or snowfall of 4" or more, a path must be cleared from the street to your receptacle storage area for access to your back or side door collection location. If this is not possible, please ensure that your garbage is placed at the curb for pick-up until you have cleared the snow.

Hazardous Materials

S.T.O.P. Collection Day Program (Stop Throwing Out Pollutants)

Materials such as oil based paint, gasoline, aerosols, and cleaners can be corrosive, explosive or toxic if placed in your regular garbage. Several days a year the Town of North Hempstead organizes a collection of hazardous items like these. Call 767-4600 for a schedule of S.T.O.P. Collection Days.

Special Pick-ups

Bulky items in excess of maximum units permitted, containing regular household garbage and rubbish can be picked up only by special appointment. Pick-ups

of all appliances, furniture, bed springs, mattresses, bed frames, carpeting and padding, linoleum, limbs and branches exceeding 5" in diameter, sawdust, bicycles, tricycles, TV aerials, sinks or similar items larger than 2' x 2' x 4' must be scheduled for special pick-up. No auto tires are permitted.

No construction or renovation material will be taken. The homeowner must arrange with their contractor to have the construction materials removed or brought to the Town of North Hempstead site (see "Resident Drop-off" below.) Removal and disposal of all other materials must be arranged by the Village through appointment only.

Call the Village of East Hills at 621-5600 to make an appointment for the next special pick-up day available. Please note there is a minimum charge of \$30 and up, depending on the size and the weight of the load. The actual cost is determined on the morning of the pick-up and the bill will be sent to you by mail. All materials for special pick-up must be left at the curb after 5:00 p.m. the night before and no later than 6:00 a.m. on the day of the scheduled collection. Remember: Doors must be removed or locks broken on all refrigerators and freezers. Carpeting and padding should be cut to 4' lengths and rolled.

Resident Drop-off

All Town of North Hempstead residents may, for a nominal service charge, bring general refuse, household construction debris, demolition materials, yard waste, motor oil and batteries to the Town of North Hempstead Drop-off Facility at 999 West Shore Road, Roslyn. Curbside recyclables may be dropped off at this facility free

of charge. For more information contact the Town of North Hempstead Recycling Hotline at 767-4600 or visit the North Hempstead web site.

Holidays

If your collection day falls on a Village holiday, kitchen trash, rubbish and recycling is cancelled for that day. Recycling will be picked up on your next collection day.

Pick-Up

Kitchen Trash/Household Rubbish: Any regular pick-up day

Outdoor Rubbish: Any regular pick-up day from the curb only

Recycling: Plastic and Glass on either Tuesday or Wednesday depending on your regular pick-up day. Recycling: Paper and cardboard on either Thursday or Friday depending on your regular pick-up day. Containers will be returned to your garage area or back yard pick-up area for you.

Pollution Prevention

Visit the Village website for helpful, updated information.

Kitchen Trash and Rubbish Disposal Information

	WHAT IS COLLECTED	WHERE/HOW	DON'T
KITCHEN TRASH (KITCHEN)	<ul style="list-style-type: none"> Any Kitchen waste and non-recyclable containers commonly used in the packaging of foods: e.g. paper cartons. 	<ul style="list-style-type: none"> Picked up at regular area near house, pails returned to same location. Containers must have handles, covers, and must be in good condition. All kitchen garbage must be placed in a pail. 	<ul style="list-style-type: none"> No containers over 32 gallon capacity. Recycling materials (glass/metals/plastic/paper) must be separated from household refuse. Do not dispose of hypodermic needles or other medical waste in your garbage or rubbish.
HOUSEHOLD RUBBISH	<ul style="list-style-type: none"> Rags, shoes, screens, old clothes, straw, excelsior. Latex and water-based paints can be discarded with your rubbish only if they have been dried out and the lids removed, or are empty. Miscellaneous non-recyclable, non-perishable small household items. 	<ul style="list-style-type: none"> Picked up at regular area near house, pails returned to same location. Use boxes, metal or plastic containers each not exceeding 32 gallon capacity, or wrap in securely tied bundles. Bundles or boxes not to exceed 2' x 2' x 2'. Fireplace ash must be disposed in metal containers (no loose ash). 	<ul style="list-style-type: none"> No construction debris, plumbing parts, auto parts collected. No tires. No loose or smoldering fireplace ash.
OUTDOOR RUBBISH	<ul style="list-style-type: none"> Christmas trees, barrels, boxes, small metal, rubber, wooden scraps, hedge, garden, or lawn clippings, weeds, leaves, parts of branches or shrubbery and plants. Non-recyclable glass, mirrors, china and earthenware, and large pieces of glass (6' x 3') must be placed in separate containers and clearly marked to prevent injury to sanitation workers. 	<ul style="list-style-type: none"> Picked up curbside and pails are returned to regular area near home. Leaves may be placed in biodegradable bags and the opening secured. Wood must be tied in bundles, no longer than four (4) feet in length or more than fifty (50) pounds in weight. Boards no more than 2' square, lumber not more than 3' long. An object more than 5" in diameter and more than 3' long must be broken to smaller dimensions. No nails in wood. 	<ul style="list-style-type: none"> No single object more than fifty (50) pounds or aggregate more than three hundred (300) pounds. No more than ten (10) containers or bundles will be removed from any premises in any one collection day. Explosive or flammable materials cannot be discarded in your rubbish, garbage, or recycling.

Recycling Information

	WHAT IS COLLECTED	WHERE/HOW	DON'T
PAPER = NEWSPAPER AND CARDBOARD	<ul style="list-style-type: none"> All newspaper and dailies, including glossy inserts, magazines, brochures, catalogs, colored and glossy periodicals and junk mail. Corrugated cardboard and brown paper bags. 	<ul style="list-style-type: none"> Picked up at regulation area where sanitation is left and returned to regular area. Place papers in brown paper bags or in a corrugated cardboard box. Newspapers must be bundled and tied, with each bundle not exceeding 25 lbs and less than 12" in height, or placed in a recycling container. 	<ul style="list-style-type: none"> Don't place papers in plastic bags. Don't recycle paperback or hardcover books. Do not include window envelopes. No waxed cardboard. No grey cardboard (such as cereal containers, pizza boxes, tissue boxes and towel rollers).
MIXED = MIXED PLASTIC, METAL, AND GLASS	<ul style="list-style-type: none"> Plastics #1 and #2: Recycle all plastic containers coded 1 or 2 on the bottom, commonly used for food, beverages, detergents, household cleaners, and shampoos. Metal containers: recycle food and beverage cans, clean aluminum foil and trays, old pots and pans, and small scrap metal. Glass bottles, jars, and containers. 	<ul style="list-style-type: none"> Picked up at regulation area where sanitation is left and returned to regular area. Containers should be rinsed out and plastic caps discarded. Labels need not be removed. Place plastic, metal, and glass recyclables in the same recycling bin. 	<ul style="list-style-type: none"> No five gallon plastic pails. No Styrofoam™ or similar foam plastic materials. No plastic bags/film. No flower pots. Empty plastic or metal containers which held potentially hazardous materials such as motor oil, pesticides, solvents, etc. should be discarded with your garbage. Paint cans are not recyclable. No mirrors, windows, safety glass, decorative and drinking glassware, ceramics, or light bulbs. Do not discard any broken glass unless it is put in a separate box marked "glass".

Permits

The following chart is intended as general guidance in determining whether or not a permit is needed for work at your home. It is not intended to cover every project. Each change to your home is unique. There are many variables that may trigger the requirement for a permit. It is the responsibility of the homeowner and contractor to determine whether or not a permit is required for each project. WHEN IN DOUBT PLEASE CALL THE VILLAGE BUILDING DEPARTMENT: 516-621-5600

PROJECT TYPE	PERMIT REQUIRED	PERMIT NOT REQUIRED
Extensions, additions or interior alterations	A permit is always required	
Finishing storage space (basements, attics or garages etc.)	A permit is always required	
Renovations (no changes to layout, direct replacement)	If you are removing sheetrock, please call Building Department to discuss.	Replacement of existing cabinets, tile, countertops, trim, flooring etc. Please call Building Department if you have questions
Roofing	Any changes to framing, including installation of skylights.	Replacing shingles with same type as existing.
Septic Systems	Installation, replacement or enlargement of a system.	Repairs to existing pipes, pumping and maintenance.
Drywells	Installation, replacement or enlargement of a system.	Repairs to existing.
Driveways, walkways, stoops and patios	Installation or enlargement of driveways or patios, replacement of stoops	Repairs including re-asphalting driveways, re-facing or covering stoops or patios. Replacing existing walkways.
Decks	Installation, enlargement or repairs that affect structure or framing.	Minor repairs only. Please call Building Department if you have any questions.
Plumbing	Installation of new fixtures or equipment. Please call the Building Department.	Replacement of existing fixtures by a licensed plumber. Please call Building Department for all other replacements.
Electrical	Installation of new fixtures or equipment. Please call the Building Department.	Replacement of existing fixtures by a licensed electrician. Please call Building Department for all other replacements.
Windows	Installation or replacement of any windows	Repairs, including sash replacements in existing windows.
Accessory equipment or systems	Installation of any accessory systems (central AC, generators, solar panels etc.)	Please call Building Department if you have any questions.
Fences	Installation or replacement of any fence over 3 feet in height.	Repairs to existing fences.
Sheds	Sheds 40 square feet and over and all accessory buildings or structures.	Portable sheds and storage containers less than 40 square feet.
Retaining Walls	Installation or replacement of any retaining wall 24 inches or more in height.	Minor repairs to existing walls or installation of garden walls less than 24 inches in height that will not affect the surface flow of water.
Swimming pools and sports courts	A permit is always required	
Tree removals	Removal, excessive pruning or alteration of any tree over 5 inches in diameter (measured 4 feet above the ground).	Normal maintenance pruning.
Landscaping	Any change of grade that may affect surface water flow.	Spreading topsoil or mulch, planting trees bushes or lawns.
