## About Our Long-standing Calendar Photographer

### Alan Sloyer, MD

Our community is extraordinarily fortunate for the nineteenth year, to have Alan Sloyer capture the warmth and beauty of East Hills and its surroundings.

His talents and artistic abilities in photography have resulted in a wide variety of photos that truly captures the beauty of East Hills and shows why it is one of the finest communities in America.

Dr. Sloyer has been a prominent resident of East Hills for 32 years. He is married to his wife Michele and has three children: Michael, Alison, and Drew, and now two new grandchildren: Madison and Dean.

He has traveled around the world to unique destinations and has experienced adventures in more than 75 countries, on all seven continents, over the past five decades.

Dr. Sloyer is an award-winning photographer whose photos have appeared in many notable publications, including The New York Times, New England Journal of Medicine, Chronos, Annals of Internal Medicine, and Shutterbug Magazine.

He has also had exhibitions of his work in Soho, NYC, at the Sid Jacobson JCC, as well as the East Hills Village Hall. His photographs are currently displayed on the walls of North Shore University Hospital, in Manhasset, as well as the Gurwin Center in Commack, New York.

We are all very grateful to him for contributing his time and talents, even while he is a renowned Gastroenterologist in Great Neck, New York.

# Village of East Hills Sanitation Information

## Remember for Best Service

- Outdoor Rubbish must be placed at the curb after 5:00 p.m. the day before collection and before 6:00 a.m. on the day of collection. Branches and garden waste may be bundled and tied and must not exceed four feet in length. Branches and garden waste may be left in either a covered or uncovered garbage container so long as the length of the branches do not exceed the height of the container. Garden waste must be kept separately from Kitchen waste. Kitchen waste and recycling may be stored at the backyard pick-up area at any time. All other items including outdoor rubbish, branches and garden waste must be brought to the curb. Kitchen waste must be in a closed plastic bag or covered garbage container. Garden waste may be placed in closed plastic bags as well. Each waste container must not weigh more than 50 pounds.
- Do not discard any broken glass, sharp metal, or material liable to injure the collectors unless it is put in a box marked "glass".
- Garbage containers picked up in the backyard pick-up area cannot exceed 32 gallon capacity. All 32 gallon containers or less will be returned to your backyard pick-up area by crew.
- Dogs must be kept away from sanitation workers. All dogs must be leashed.
- Do not mix or deposit any recyclables in with your garbage or rubbish.
- Materials from building, construction or a renovation will **not** be collected. These materials must be disposed of directly by residents or their contractors.

- Do not dispose of hypodermic needles or other medical waste in your garbage or rubbish. Contact the Nassau County Department of Health at 571-2020 or any hospital or nursing home licensed by the NYC Department of Health for information and instructions on proper disposal of used needles.
- Recycling bins with lids are available for purchase at the Village Hall for a fee of \$36. Lids are not available for separate purchase.

## Snow Falls

For the safety of our collection workers, when there is an accumulation of ice or snowfall of 4" or more, a path must be cleared from the street to your receptacle storage area for access to your back or side door collection location. If this is not possible, please ensure that your garbage is placed at the curb for pick-up until you have cleared the snow.

## Hazardous Materials

### S.T.O.P. Collection Day Program (Stop Throwing Out Pollutants)

Materials such as oil based paint, gasoline, aerosols, and cleaners can be corrosive, explosive or toxic if placed in your regular garbage. Several days a year the Town of North Hempstead organizes a collection of hazardous items like these. Call 767-4600 for a schedule of S.T.O.P. Collection Days.

## Special Pick-ups

Bulky items in excess of maximum units permitted, containing regular household garbage and rubbish can be picked up only by special appointment. Pick-ups of all appliances, furniture, bed springs and

mattresses (to be in a clear bag per NYS law), bed frames, carpeting and padding, linoleum, limbs and branches exceeding 5" in diameter, sawdust, bicycles, tricycles, TV aerials, sinks or similar items larger than 2' x 2' x 4' must be scheduled for special pick-up. No auto tires are permitted.

**No construction or renovation material will be taken. The homeowner must arrange with their contractor to have the construction materials removed or brought to the Town of North Hempstead site (see "Resident Drop-off" below.) Removal and disposal of all other materials must be arranged by the Village through appointment only.**

Call the Village of East Hills at 621-5600 to make an appointment for the next special pick-up day available. Please note there is a minimum charge of \$30 and up, depending on the size and the weight of the load. The actual cost is determined on the morning of the pick-up and the bill will be sent to you by mail. All materials for special pick-up must be left at the curb after 5:00 p.m. the night before and no later than 6:00 a.m. on the day of the scheduled collection. Remember: Doors must be removed or locks broken on all refrigerators and freezers. Carpeting and padding should be cut to 4' lengths and rolled.

## Resident Drop-off

All Town of North Hempstead residents may, for a nominal service charge, bring general refuse, household construction debris, demolition materials, yard waste, motor oil and batteries to the Town of North Hempstead Drop-off Facility at 999 West Shore Road, Roslyn. Curbside recyclables may be dropped off at this facility free of charge. For more information contact the Town of

North Hempstead Recycling Hotline at 767-4600 or visit the North Hempstead web site.

## Holidays

If your collection day falls on a Village holiday, kitchen trash, rubbish and recycling is cancelled for that day. Recycling will be picked up on your next collection day.

## Pick-Up

**Kitchen Trash/Household Rubbish:** Any regular pick-up day

**Outdoor Rubbish:** Any regular pick-up day from the curb only

**Recycling:** Plastic and Glass on either Tuesday or Wednesday depending on your regular pick-up day. Recycling: Paper and cardboard on either Thursday or Friday depending on your regular pick-up day. Containers will be returned to your garage area or back yard pick-up area for you.

## Pollution Prevention

Visit the Village website for helpful, updated information.

## Permits

The following chart is intended as general guidance in determining whether or not a permit is needed for work at your home. It is not intended to cover every project. Each change to your home is unique and there are many variables that may trigger the requirement for a permit. It is the responsibility of the homeowner and contractor to determine whether or not a permit is required for each project. WHEN IN DOUBT, PLEASE CALL THE BUILDING DEPARTMENT: 516-621-5600

PROJECT TYPE	PERMIT REQUIRED	PERMIT NOT REQUIRED
Extensions, Additions or Interior Alterations	A permit is always required.	
Finishing Storage Space (basements, attics, garages, etc.)	A permit is always required.	
Interior Renovations	A permit is required any time sheetrock is being removed/replaced.	Painting, flooring, trim/millwork, and minor repairs.
Direct Replacement of Kitchen and/or Baths	A permit is always required.	
Siding	A permit is always required.	
Windows	Installation or replacement of any windows or skylights. Changing the size(s) or configuration of windows and/or doors.	Repairs, including sash replacements in existing windows.
Roofing	Any changes to framing/structure, including the installation of skylights.	Replacing shingles with the same type as existing.
Decks	Installation, enlargement or repairs that affect the structure or framing.	Minor repairs only.
Driveways, Walkways, Stoops and Patios	Installation or enlargement of driveways, patios and walkways.	Minor repairs; Re-asphalting driveway, replacing existing stoops and walkways with no change in overall size. Re-facing, covering, or replacing patio with no change in size AND provided patio was previously installed with a permit.
Plumbing	Installation of new fixtures or equipment, replacement of existing fixtures.	Repairs to existing fixtures or equipment.
Electrical	Service upgrades or electrical work done as part of permitted work (required to be performed by an Electrician licensed in the Village of East Hills and final electrical certificate provided).	Minor repairs, installation of new devices or fixtures, and replacement of existing fixtures (required to be performed by an Electrician licensed in the Village of East Hills)
Fences	Installation, replacement or extension of any fence over 3 feet in height.	Repairs to existing fences.
Sheds	Sheds 30 square feet and over and all accessory buildings and structures.	Portable sheds and storage containers less than 30 square feet.
Retaining Walls	Installation or replacement of any retaining wall 24 inches or more in height. All retaining walls must be on their own building permit application.	Minor repairs to existing walls or installation of garden walls less than 24 inches in height that will not affect the surface flow of water.
Swimming Pools and Sports Courts	A permit is always required with ZBA approval for a special exemption.	
Accessory Equipment or Systems	Installation of any accessory systems (central AC and mini-split AC systems, generators, solar panels, etc.)	Please call the Building Department if you have any questions.
Tree Removal	Removal, excessive pruning or alteration of any tree over 3 inches in diameter (measured 4 feet above the ground).	Normal maintenance pruning.
Landscaping	Any change of grade that may affect surface water flow.	Spreading topsoil or mulch. Planting trees, bushes or lawns.
Septic Systems	Installation, replacement or enlargement of a system.	Repairs to existing pipes, pumping and maintenance.
Drywells	Installation, replacement or enlargement of a system.	Repairs to existing.
